ע'נן ^{is} Here we see that he signs so himself.

This is not a new loan of

a debt probably from a business transaction
the creditor probably in Tunisia, for
his representative a Tunisian faced name.

מסאג'תא
ע'נן is borrowed from ^{Arabic} סַיְוִמִּי, lit. a scholar
taking part in the final deliberations of the question
when the answers to the queries ^{are} ^{made} to it are
formulated. See ^{TS NS 30r} ~~the~~ text edited by Abrahamson,
Hebrews, p. 19, l. 23 & ibid pp. 45-46

The purpose of this like many ~~the~~ similar ones
is grant extension for a year.

Ps. Author extension was granted for another
year for receiving 14 din. after 16 had
been paid. The Hebrew persecutions
